Vitality PURPLE 2022 prices: Main member only @ R510 _ M+1 @ R590 M+2 @ R640

Vitality PURPLE is a relatively new addition to the Vitality Stable. Read our Standard Vitality brochure, ALL the benefits are the same with PURPLE! As we don't bother with the 'up to' gimmick or spend partners where it's simply status increase with points the number 1 reason we could think why an existing Vitality member (Executive Discovery Health option or Purple Life Plan) would upgrade to PURPLE is for the upgraded gym benefit for main member & spouse.

Reminder that this spend benefit does not require a Vitality Age assessment or Vitality health check:

75% off Virgin Active Local/National/Collection/International & Planet Fitness Any membership as well (Main Member & Spouse)
For Adult dependants and children it's the **same benefit as standard Vitality**, namely 50% off either club and any membership type.

T's & C's – Must maintain 36 visits per calendar year rolling period. There are at times specials granted for card/tag fee, activation fees and so on.
