About the Vitality pre-2010 gym benefit

This benefit guide only applies to members who activated the Vitality gym benefit **before 2010** and have maintained the same gym contract since.

To keep the pre-2010 Vitality Planet Fitness gym benefit

- To keep your pre-2010 gym contract, you need to work out at the gym at least 36 times in a rolling 12-month period, and pay the spouse fee, if applicable, as detailed above.
- Only one gym workout a day will count towards your total 36 gym workouts.
- For your workout to be valid for this benefit, you must exercise for 30 minutes or more for each visit at your chosen health club.
- If you go to the gym fewer than 36 times in a rolling 12-month period, your gym benefit will be cancelled.
- You can start again, but the <u>post-2010 benefit rules</u> will apply:
 - o If you rejoin in the month after your pre-2010 gym benefit is cancelled, you won't pay an activation or tag fee.
 - o You will immediately qualify for a 50% saving on your monthly gym membership fee.
 - Once you have reached 36 gym workouts in a rolling 12-month period (including your past workouts), your saving will increase to up to 75% off on a Local club membership fee.
 - o If you rejoin after one month from your pre-2010 gym benefit end date, you will have to pay a once-off gym activation fee equal to one month's full retail Local or National gym membership rate.
 - o You will get a discount of up to 75% off the standard Local monthly gym fees.
- Under these rules, you will receive a discount on the standard Local monthly gym fees. You will have to complete 36 gym workouts in a rolling 12-month period to keep this discount.

Scan your tag each time you go to the health club to get Vitality points

 Record your workouts and earn Vitality points by scanning your access tag each time you visit the health club.

- If the health club cannot scan your access tag for any reason, you must ask to sign the manual register at the reception and show proof of identification (ID/passport/driving licence) to make sure your gym workout has been recorded.
- For your workout to be considered valid for the purposes of this benefit, you must exercise for longer than 30 minutes during each visit to your chosen health club.

Earn Vitality fitness points

- Adults can each earn 100 Vitality fitness points for one gym workout a day.
- Adults can also earn 50 Vitality fitness points a day by doing a 30-minute online workout, which will count towards your 36 gym workouts requirement in a rolling 12-month period. To access the online workouts, visit planetfitness.co.za/online-workouts to register.
- You can earn up to 1 200 Vitality points per month by completing online workouts and tracking 10 000 steps or more.
